Licensing Sub-Committee - 1 August 2017

It is, therefore, not appropriate for officers to make additional comments other than in the capacity as a Responsible Authority under the legislation of the Licensing Act 2003. Therefore there are no comments from Legal, Finance or other officers included in this report.

*Explanations as to different levels of interest

(a) A member with a discloseable pecuniary interest (DPI) must declare the nature as well as the existence of any such interest and the agenda item(s) to which it relates must be stated. A member who declares a DPI in relation to any item must leave the meeting for that item (unless a relevant dispensation has been granted).

(b) A member with an other significant interest (OSI) under the local code of conduct relating to items on this agenda must declare the nature as well as the existence of any such interest and the agenda item(s) to which it relates must be stated. A member who declares an OSI in relation to any item will need to remove him/herself to the public gallery before the debate and not vote on that item (unless a relevant dispensation has been granted). However, prior to leaving, the member may address the meeting in the same way that a member of the public may do so.

(c) Members may make voluntary announcements of other interests which are not required to be disclosed under (a) and (b). These are announcements made for transparency reasons alone, such as:

- membership of outside bodies that have made representations on agenda items, or
- where a member knows a person involved, but does not have a close association with that person, or
- where an item would affect the well-being of a member, relative, close associate, employer, etc. but not his/her financial position.

Voluntary announcements do not prevent the member from participating or voting on the relevant item

Subject: RE: New premise licence application - 370 Cheriton Road

Hi Arthur,

RE: New premise licence application - 370 Cheriton Road

Environmental Health would object to this application due to the proposal of a stage with live performances going up to 22:30hrs. Even if it is unamplified music, it is highly likely to still cause a noise nuisance to occupiers of the residential property above.

I would only permit ancillary (background) music only. No live entertainment including DJ music.

The property must also achieve a $55\text{dB } D_{nT,W} + C_{tr}$ value of insulation between the residential and commercial property. An acoustic report should be carried out by a competent person, in this case a competent person must be registered with the institute of acoustics. They must demonstrate or advise the level of insulation needed to achieve the set value within this property.

Reason: The council needs to be satisfied that the level of sound insulation provided will be sufficient to deal with the level and character of the sound sources below, and that this will in turn result in acceptable internal noise levels above i.e BS2833:2014 levels and not cause unreasonable noise nuisance to nearby residential premises.

Kind regards
