Date decision taken: 4 September 2019

Name and address of applicant(s):

4 Nesbit Road
St Marys Bay
Romney Marsh
TN29 0SF

Name and description of project:

Equipment – We would like to apply for computing equipment so that we can work with the children aged 6-14 to achieve badges in technology. We would also like to take group to look for Geocaches using GPS navigation.

Laptop and mobile phone for scouting activities.
Garmin GPS and Geo-Cache kit – geo-caching hikes.

DECISION:

To provide funding of £350 to the above project.

Reason for decision:

The young people aged 6-14 on the Romney Marsh SMB area do not always have access to computers. This will also form knowledge around E-safety and staying safe on-line. This is essential for skills development within our society today. Geocaching is an outdoor activity that will help with hikes, navigation, health and fun.

Declarations or disclosable pecuniary interest/any other significant interest:

None

The decision set out above was made by me.
