DO NOT SCALE FROM THIS DRAWING.
All measurements are in meters unless otherwise stated.

Signage to be agreed on site

Traffic Management Notes:

1) All temporary traffic management shall be in accordance with Chapter 8 of the Traffic Signs Manual 2016, Traffic Signs Regulations and General Directions 2013 and the Safety at Street Works and Road Works, A Code of Practice, 2013.

2) All temporary traffic management locations are indicative to help clarity and are subject to approval from the on site client.

3) All carriageway widths to be a minimum of 3.25m wide unless otherwise shown.

4) This drawing has been specifically prepared to meet the requirements of the named client and may contain design or innovative features which differ from conventional design standards.

5) Upon installation the TM Foreman is responsible for ensuring the design of the traffic management meets the on site requirements, Chapter 8 standards and any modifications as necessary.
