Subject: NATTRAN/SE/S247/3254

Once again you sell of our assets in deference to the absent few that can afford it. This road closure and relocation is a cynical ploy to privatise the beach (and destroy the serenity of a national monument; the Royal Military Canal) and maximise the profits gained from the theft of our seafront.

You give everything to the affluent few and neglect a population that was foolish enough to vote for you. Once again you treat our objections with disdain and ride roughshod over our objections.

The development of the Fisherman's Beach, the Hythe Imperial housing complex, Nichol's Quarry development, and the proposed new town sited at the former Westenhanger racecourse, all lie as a testament to your careless attitude to our open spaces for the benefit of the wealthy.

Your 'vision' is skewed and regressive.

Shame on you.

Roy Smith
