

# Folkestone & Hythe District Council

## Digital & ICT Strategy 2026 - 2029

Easy read version

**We are the council and we help people in Folkestone, Hythe and the Romney Marsh**

**We have a plan for using technology from 2026 to 2029**

**We will keep your information safe**

**We want everyone to use our services easily, online or not**

**We want our website to be easy to use**

**We made more online forms so you can do things any time**

**We will help people who need support to use digital services**

**We will use modern, reliable, and eco-friendly technology**

**We will use information to make our services better and share useful data**

**We will listen to your ideas and feedback**

**We will check our systems often to make sure they are safe**

**We want you to try our digital services and tell us what you think**

**We will work with others to help everyone**
