

Lift Safety Policy (Summary)

Purpose

- Explains how the Council ensures lift safety in its properties.
- Covers passenger lifts, stair lifts, and hoists.

What the Council does

- Carries out regular inspections and maintenance.
- Ensures compliance with legal requirements.
- Responds to faults and emergencies promptly.

Checks and maintenance

- Lifts are inspected at least every six months.
- Additional checks may be carried out where required.

Your responsibilities

- Allow access for safety checks.
- Report any issues as soon as possible.

Safety and compliance

- The Council monitors performance and risks.
- Action is taken where safety standards are not met.
