16. **Declarations of Interest**

Councillors Pascoe declared an interest in that he worked with the applicant in his previous capacity as Chairman of Oportunitas with regard to Y17/0461/SH (15 Sandgate High Street, Sandgate, CT20 3BD).

Councillors Wilkins and Martin declared an interest with regard to Y17/0461/SH (15 Sandgate High Street, Sandgate, CT20 3BD), in that they were on the Board of Oportunitas.

Councillor Tillson also declared an interest with regard to Y17/0461/SH (15 Sandgate High Street, Sandgate, CT20 3BD), in that he was acquainted with the applicant due to his role as secretary to a political party.

Councillor Lyons also declared an interest with regard to Y17/0461/SH (15 Sandgate High Street, Sandgate, CT20 3BD), in that the applicant was a personal friend. Councillor Lyons left the Chamber during the consideration of this item, and refrained from taking part in the discussions and voting.

17. **Minutes**

The minutes of the meeting held on 25 July 2017 were submitted, approved and signed by the Chairman.

18. **Minutes of the Licensing Sub-Committee**

Subject to the amendment of the word 'bare' to 'bear' at the end of paragraph six, the minutes of the meeting held on 18 July 2017 were submitted, approved and signed by the Chairman.

19. **Home Boarding Licensing Conditions (Dogs)**

Report DCL/17/05 outlined amended Conditions for dogs boarded in people's homes. There was a growing number of Home Boarders in the District. The existing conditions needed to be amended to keep pace with the growing popularity of home boarding. The main change was to allow Home Boarders to board dogs from more than one family at the same time.

Mr Atkins, the Principal Environmental Health Officer, responded to issues raised by the Committee Members and made points including the following:

- The level of insurance was set at the same level as other Local Authority Licenses.
- Officers carried out annual inspections of sites and would assess them for their size and suitability prior to setting a maximum number of dogs.
- The Kennel Club were not consulted with regard to Home Boarding, and were only involved when considering the Breeding of Dogs Act.
- In respect of noise nuisance, annual inspections would also take into consideration the proximity of neighbours and how the dogs were taken care of. If there were noise issues, the number of dogs could be restricted on this basis.
- Environmental Protection had the ability to deal with statutory nuisance complaints regarding noisy dogs in private dwellings.

Proposed by Councillor Pascoe,
Seconded by Councillor Wilkins; and

RESOLVED:

1. That report DCL/17/05 be received and noted.
2. That the conditions set out in Appendix 1 be approved.

(Voting figures: 12 for; 0 against; 0 abstentions).

20. **Report from the Head of Planning**

(Voting figures: 11 for, 0 against, 0 abstention).

(Councillor Lyons left the Chamber during consideration of this item).

3. Y17/0314/SH 65 RADNOR CLIFF, FOLKESTONE, CT20 2JL

Construction of two pairs of three-storey, semi-detached houses following demolition of existing house and garage.

Ms K Hegarty, local resident, spoke against the application,

The Committee Members discussed the proposals and raised various concerns, including the following:

- The original house was attractive and it seemed a shame to demolish it.
- Who would monitor to ensure conditions were adhered to?
- The property would need pile-driving to ensure stability, which could damage the neighbouring home.
- Although there was a nearby public car park, this would become crowded.
- Applying conditions was not a sufficient way to deal with land slippage concerns.
- The property was not in-keeping with neighbouring houses, and the development would lead to over-intensifying of the land.
- The road was narrow, and with parking on both sides of the road, emergency services access was a concern.

Miss Patching, Development Management Manager, responded to issues raised and made points including the following:

- Officers were responsible for monitoring conditions.
- The Kent County Council Ecologist was consulted. No measures were required but she had suggested a condition that if the development was not carried out within two years, a new survey would be required.
- Kent Highways protocol meant that they did not comment on developments of this nature on an unclassified road.
- Each property within the development had provision for two parking spaces, which met Kent Highway Standards. There was also a public car park nearby.
- Although three storey, the proposed development would still be a similar height to the surrounding properties.
- The Building Control Officer had been consulted, and had felt that it was safe to develop the site.
- The previous decision to refuse the application had been based on the fact that the development extended across the whole of the site, and failed to respect the character of the area in terms of the views through the site to the wooded hillside behind the buildings. The new application had addressed this in that there were views between each house.

As a result of the issues they had raised the Committee Members did not support the officer recommendation set out in the report, as they felt the development was too much development for the site, was inappropriate for the area and were concerned about loss of trees.
