**DECISION:**

To provide funding of £700.00 to the above project.

---

**Reason for decision:**

We provide coaching and training for the Ladies section promoting the sport of rugby in our Community. The sport creates a massive sense of well-being and belonging to the participants the upside of this is that it provides another support system of friends to help get them through what can sometimes be difficult times during the teenage years.

The other positive aspects of this project are promoting health, fitness and wellbeing in our Community. The project equipment will enable us to deliver a better quality of playing and training experience to Ladies in our community. Some of the parents would not have scope within what can often be a limited family budget to fund these items themselves.

**Declarations or disclosable pecuniary interest/any other significant interest:**

None
