Name and description of project:

Cycle Shepway website build and quarterly updates. Website build, website hosting and quarterly updates (two years). To include website hosting and domain renewal for that period.

DECISION:

To provide funding of £240 to the above project.

Reason for decision:

In line with both government and local policy Cycle Shepway campaigns to create a safer environment for cyclists through a cohesive, useful network of cycle paths; to promote cycling as a viable transport option for everyday journeys to school, to work, to the railway station and shops etc; to encourage cycling as a safe and enjoyable leisure activity for local people and for visitors to the area. A cycle-friendly Folkestone and Hythe District would contribute to the health and well-being of residents; would encourage 'green' tourists to the area and assist the Council's aim of becoming carbon neutral by 2030.
