FOREWORD

Councillor Jennifer Hollingsbee
Deputy Leader and Cabinet Member for Communities
Folkestone & Hythe District Council

The Folkestone & Hythe Community Safety Partnership (CSP) is pleased to present this refreshed Community Safety Plan covering the period 1 April 2020 -31 March 2021. This plan sets out the ambitions of the CSP for the year ahead and describes how we will tackle priority areas of work.

We are mindful of the many challenging pressures facing our partners as they deliver their services. The work of the CSP is diverse and challenging with everyone involved having an equal role to play in ensuring our district is a safe place to live, work and visit.

From safeguarding young people drawn into risk taking behaviour to supporting vulnerable members of our community, to combating drug and alcohol addiction and reducing re-offending and anti-social behaviour, we keep our communities feeling secure by tackling the causes of crime and disorder.

To achieve this the CSP has put in place this plan to tackle specific priority issues. We want to help achieve the goals of key strategic plans such as:

- The Police and Crime Plan 'Safer In Kent'
- The Community Safety and Criminal Justice Plan 2017 – 2021
- The Kent Police Control Strategy
- Folkestone and Hythe District Council Corporate Plan
- The Kent Community Safety Agreement
- The Kent Drug and Alcohol Strategy
- The Kent and Medway Domestic Abuse Strategy.
- Public Spaces Protection Order

The many public sector and voluntary groups delivering key activities are reflected in this plan. A strong partnership developed through the daily work of the Community safety unit.

Tackling crime and anti-social behaviour remains a high priority. We continue to work as a partnership to make our district a safe place where people wish to work, live and visit.

This plan seeks to promote a holistic approach, with a greater emphasis on prevention and harm reduction.

INTRODUCTION

Folkestone & Hythe Community Safety Partnership (CSP) is a statutory body bringing together a number of public sector agencies to tackle crime, disorder, anti-social behaviour, substance misuse and reduce re-offending.

The Community Safety Partnership is overseen by an Executive Group, comprising of senior personnel from the responsible authorities and other agencies, including the voluntary and community sector. Sub-groups, addressing the agreed directions of action, which have been set up to deal with each priority. Each sub-group will have an action plan to address the objectives set by the Community Safety Partnership Executive.

We revise this plan every year using information from a range of organisations in a restricted strategic assessment.

The purpose of a Strategic Assessment is to provide knowledge and understanding of community safety issues to its members. This has been done through intelligence analysis to identify the emerging priorities by considering the patterns, trends and shifts relating to community safety. Additionally, it will include a performance assessment of how far the partnership has achieved its previous priorities and an update of those issues that the local community consider to be emerging priorities. The annual Strategic Assessment is central to the development of the Partnership Plan. We also work closely with other relevant agencies, the voluntary and community sector, the business sector and local residents

Key issues identified from information provided in the 2020 Strategic Assessment are: Please note the 2020 Strategic Assessment covers the period 1st October 2018 – 30th September 2019 for the 2020/2021 CSP Plan.

- The top 9 crimes reported in Folkestone & Hythe match that of the top 9 most reported crimes Kent wide.
- There has been a significant (+20% or more) increase in reports of the following crime types: Robbery, Vehicle Offences, Theft of Vehicle, Vehicle Interference, Theft from the Person, Arson, and Possession of Weapons Offences.
- Folkestone & Hythe has the largest number of community Learning Disability (LD) clients in Kent.
- In many of the comparisons featured in this Strategic Assessment, Folkestone & Hythe is either in line with the Kent county average, or below it.

The CSP is made up of Responsible Authorities. Some members are voluntary and others are required by law.

Kent County Council (KCC) Public Health	KCC Specialist Children's Services	KCC Community Safety Unit

In addition, there are many agencies that support the Partnership and the Community Safety Unit teams including but not limited to:

- We are with you (formally Kent Addaction)
- East Kent Mediation
- Kent Community Safety Partnership
- Folkestone & Hythe Local Children's Partnership Group

We are all working together to prevent and reduce crime and disorder and improve community cohesion by maximising resources and using targeted action groups.

COMMUNITY SAFETY LEGISLATION

Key legislation that applies to CSPs is cited below:

The Crime and Disorder Act 1998

This gave statutory responsibility to local authorities, the Police, and key partners to reduce crime and disorder in their communities.

The Police and Justice Act 2006

Introduced scrutiny arrangements in the form of the Crime and Disorder Scrutiny Committee.

It also introduced a number of amendments to the 1998 Act including the addition of Anti-Social Behaviour (ASB) and substance misuse within the remit of the CSP strategies. Reducing reoffending was subsequently added by the Policing and Crime Act 2009.

The Crime and Disorder (Formulation and Implementation of Strategy) Regulations 2007

Set out further revisions to the 1998 Act. For two tier authorities such as Kent, the statutory Community Safety Agreement was introduced.

The Police Reform and Social Responsibility Act 2011

Introduced directly elected Police and Crime Commissioners (PCCs) to replace Police Authorities in England and Wales. This brought with it a requirement for the PCC to have regard to the priorities of the responsible authorities making up the CSPs and for those authorities to have regard to the police and crime objectives set out in the Police and Crime Plan.

The legislation also brought with it a mutual duty for the PCC and the responsible authorities to act in co-operation with each other in exercising their respective functions.

Domestic Homicide Reviews

The requirement for Community Safety Partnerships (CSPs) to conduct Domestic Homicide Reviews (DHR) came into effect on 13th April 2011.

In Kent and Medway it was agreed that these would be commissioned by the Kent Community Safety Partnership utilising pooled funding on behalf of the local CSPs including Medway.

The process is managed, coordinated and administered by the Kent Community Safety Team (KCST).

Updated statutory guidance from the Home Office released in December 2016 strengthened the role of the CSP in the DHR process. It brought in additional requirements in order to meet the required standard and now includes suicides.

The Anti-social Behaviour, Crime and Policing Act 2014

Received royal assent on 13th March 2014. The Act introduced simpler more effective powers to tackle anti-social behaviour to provide better protection for victims and communities.

This includes the Community Trigger responsibility to give people a greater say in how agencies respond to a complaint. It also allowed for the introduction of Public Spaces Protection Orders (PSPOs).

Safeguarding

Between 2014 and 2016 a number of pieces of legislation were introduced to provide authorities with additional tools, powers and statutory duties to tackle community safety and safeguarding issues.

This includes:

- The Care Act 2014
- Counter-Terrorism and Security Act 2015 (and subsequent amendments in 2019)
- Serious Crime Act 2015
- Modern Slavery Act 2015

- Psychoactive Substances Act 2016
- Children and Social Work Act 2017

This introduced a range of duties including new reporting, referral and decision-making mechanisms. Staff awareness requirements and impacts on contract management to be included in the everyday work of relevant organisations.

More recently statutory guidance was introduced regarding inter-agency working to safeguard and promote the welfare of children in 'Working Together to Safeguard Children 2018'. This followed the Wood Review in 2016 to improve the effectiveness of Local Safeguarding Children Boards and resulted in the formation of the Kent Safeguarding Children Multi Agency Partnership in September 2019.

Some Key Partnership Challenges:

Violence Reduction Challenge (VRC)

In response to the Government's national Serious Violence Strategy, the Kent Police and Crime Commissioner (PCC) launched a year-long study in 2018 into the challenges around reducing violence.

Partner agencies have been challenged to look at opportunities to address this issue including the causes and possible solutions.

Funding provided by the PCC to Community Safety Partnerships has a particular focus around tackling violence.

Over the last 10-years Folkestone & Hythe population has grown by 7.4% (an additional 7,800 people). This is the fifth lowest rate of growth of any Kent district. The population of the district is forecast to grow at a rate over the coming years with current forecasts suggesting a 13% growth between 2017 and 2037. This is the third lowest rate of growth expected for any Kent district and a growth rate that is less than that of the county average (19%). This forecast is based on KCC's assessment of the district authority's future housing targets as at October 2018. Such targets will be subject to changes as district authorities develop their Local development framework.

Ethnic profile

94.7% of Folkestone & Hythe population is of white ethnic origin with the remaining 5.3% being classified as of Black Minority Ethnic (BME) origin. The proportion of Folkestone & Hythe population classified as BME is lower than the county average of 6.3%.

The largest ethnic group in Folkestone & Hythe is White British, with 90.8% of residents from this ethnic origin. Within the BME population, the largest ethnic group is Other Asian (accounting for 2.5% of all residents), which can be attributed to the presence of Ghurkha regiments and their families. The second largest ethnic groups are White and Black Caribbean mixed, White and Asian mixed and Indian ethnic groups (each accounting for 0.4% of all residents).

Deprivation

The English Indices of Deprivation 2019 provide a measure of deprivation at both district and sub-district (Lower Super Output Area) level, relative to other areas in England.

The table below presents the national and county rank of Folkestone & Hythe based on the 2019 Index and shows how the rankings have changed since the 2015 Index.

In 2019 Folkestone & Hythe District was ranked as the third most deprived district in Kent (ranked 3 out of 12 districts, with the most deprived being ranked 1). Nationally, Folkestone & Hythe ranks 84th out of 317 local authority districts in England. This rank places it within England's most deprived half of authorities.

The county rank of Folkestone & Hythe has remained the same between 2015 and 2019. On the national ranking, Folkestone & Hythe has moved up by 17 positions from 101st in 2015 to

84th in 2019. This indicates that the level of deprivation in Folkestone & Hythe has increased, relative to other areas in England.

Levels of deprivation vary across the district with parts of Folkestone & Hythe within England's top 10% deprived of areas and yet other parts are within England's least 10% deprived of areas. More detail is shown on the map below.

The greatest levels of deprivation are found within the Folkestone area, Folkestone Harbour, East Folkestone and Folkestone Central wards. Neighbouring some of the most deprived areas of Folkestone & Hythe are areas with relatively low levels of deprivation. The least deprived areas of Folkestone & Hythe are found in Hythe.

KEY ACTIVITIES DELIVERED DURING 19/20

The Folkestone & Hythe Community Safety Partnership delivered many proactive and innovative projects throughout 2018/19.

These have been delivered in many different ways including:

- CSP subgroups
- multi-agency task and finish groups
- other funded projects.

Key activities that have been delivered include:

Young Person's Community Safety Conference 2019

More than 900 students heard about the dangers of knife crime, drugs and gangs at the 2019 conference.

The event at the Leas Cliff Hall focused on the importance of emotional health and positive relationships and was targeted at Year 9 pupils. Students from secondary schools across Folkestone, Hythe and Romney Marsh attended.

Presentations included a screening of Breck's Last Game, telling the story of 14-year-old Breck Bednar who was murdered by someone he met online. His mother Lorin LaFave was there to share her experience. There were also sessions on drug and alcohol awareness and how to stay safe.

There were some incredibly powerful presentations. This is the second time we have held a conference for our young people and the aim was to encourage them to think about their decisions and choices. It was an opportunity to talk about risk-taking behavior and how to stay safe and to look out for each other, and to tell someone if they are worried about a friend or a classmate

The conference was closed by Adrian Harper, Chief Executive of the office of Kent's Police and Crime Commissioner, who reminded young people of the importance of looking out for each other. He said: "This event was all about spotting issues before they become problems, and we all have a role to play in that. "We can all speak out if we are worried about a friend or a classmate and I hope that, after today, young people across the Folkestone and Hythe district will feel more confident in doing just that". It's vital to have these conversations with children of all ages, so they know that support is available if they are facing difficult choices or if they find themselves drawn into a situation that makes them feel uncomfortable."

Domestic Abuse One Stop Shop

The 'One Stop Shop' Drop In weekly service for domestic abuse victims is a multi-agency provision consisting of:

- solicitors
- domestic abuse workers
- police
- KFRS
- benefits agency
- a health visitor

whom are all available to offer advice and support to victims of domestic abuse.

The Drop In is every Wednesday from 12.30 to 14.30 at the Folkestone Early Years Centre. A breakdown of the attendees to the Folkestone & Hythe Domestic Abuse One Stop Shop and the Lydd Rural One Stop Shop can be found below.

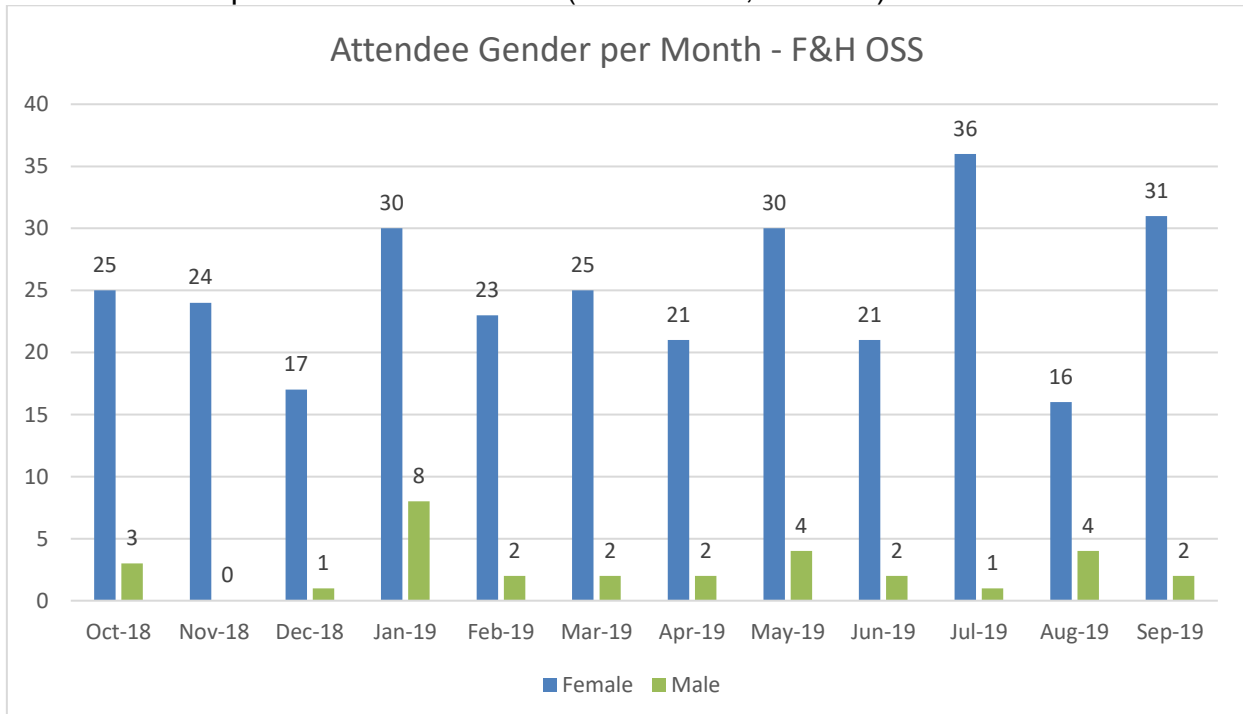

The data period for this information is October 2018 to September 2019 for the Folkestone and Hythe One Stop Shop.

The data for the Lydd Rural One Stop Shop only includes 5 months: October 2018, November 2018, January 2019, February 2019 and March 2019.

It is also worth noting that due to a lack of agencies attending the Lydd Rural One Stop Shop it has now been closed and will therefore not be featured in any future Strategic Assessments. Due to the lack of data from this year, it is not possible to effectively draw conclusions from the data and therefore no analysis has been conducted.

Folkestone & Hythe One Stop Shop

The total number of attendees to the Folkestone & Hythe One Stop Shop from 1st October 2018 to 31st September 2019 was 330 (299 Female, 31 Male).

Delivery of training sessions and communication campaigns:

The Community Safety Partnership has a key role to play in upskilling partnership staff to understand a large range of issues impacting on communities. As well as working with the communities themselves.

Public Spaces Protection Order 2019 – 2021

Parts of the District are covered by a Public Spaces Protection Order (PSPO) which provides key agencies with an additional tool to tackle anti-social behaviour. PSPOs were introduced following the Anti-social Behaviour, Crime and Policing Act 2014.

They were developed to deal with a specific nuisance in a particular area that is having a detrimental effect on the quality of life for those in the local community.

A PSPO can prohibit specified activities in a restricted area, or can require certain actions to be taken by persons carrying out specified activities in that area.

The PSPO that was in place in the district to address antisocial behaviour covered Folkestone and Cheriton as well as parts of Seabrook and Sandgate. It was introduced to address the issues of drinking in an open space, begging and sleeping in an open space. It was renewed in June 2019 following an 8 week public consultation and is due for renewal in June 2021.

The PSPOs in specified geographical areas to cover 7 measures:

- Measure 1: Anti-social alcohol consumption*
- Measure 2: The use of intoxicating substances*
- Measure 3: Urinating, spitting or defecating*
- Measure 4: Begging*
- Measure 5: Anti-social street entertainment*
- Measure 6: Unauthorised street fundraising and marketing*

Measure 7: Unauthorised camping

The PSPO can be found at:

<https://www.folkestone-hythe.gov.uk/community/community-safety/PSPO>

The PSPO has continued to be used in a proportionate and responsible way. We will always initially use intervention activities including engagement, education, sign posting and referrals to services, outreach work, introduction of projects and initiatives to address issues before any enforcement or warnings are considered.

Signage can in itself act as a deterrent and in many circumstances the PSPO may not be the appropriate tool to use. Alternative legislation will be used in these cases.

Agencies will work together in partnership through the Community Safety Unit, and ongoing multiagency operations, to implement the PSPO.

Tall Ships 2019

Students from both sides of the Channel joined forces as part of a project promoting cross-border collaboration and building self-esteem.

The Tall Ships program, which culminates on July 7 with the youngsters setting sail on a five-day voyage for Boulogne from Folkestone Harbour Arm, arriving in time to join the French Festival of the Sea.

The scheme takes place every two years and is funded by Folkestone & Hythe District Council and Boulogne town council and aims to promote team-building and educational opportunities for the students involved.

A total of 60 13 to 15 year olds from schools across the district and in Boulogne take part in weekends of fun activities at Folkestone Sports Centre, including footgolf, archery, tobogganing, orienteering and water-based activities.

The Tall Ships project is something young people will always remember being part of, and it teaches them hugely valuable skills as well as giving them the opportunity to get to know students from another country.

Small Change Big Difference Campaign

At the end of 2018 we launched our Small Change Big Difference campaign in partnership with Kent-based charity, Porchlight.

This campaign has been promoted in a variety of ways, including a feature article in the local papers, social media and the district magazine, Your District Today.

Porchlight provides a range of services to give homeless people the best chance of moving on to live independently. It helps people to recover from the trauma of homelessness and gives them the practical and emotional support they need to see that a brighter future is possible.

Safety in Action

The subgroup funded a part of this year’s Safety in Action Day for Year 6 children. We asked for the inclusion of training on positive relationships as well as themes that addressed all areas of safeguarding.

The feedback from both the schools and parents was that this event was very positive and they were glad they chose to send their children and the lessons learned were invaluable.

There were over 600 children in attendance from 18 schools.

Multi-Agency Operations

The Community Safety Partnership delivers numerous multi-agency operations such as:

Operation (OP) ARIEL

Is a monthly high visibility presence to engage with local businesses and residents to help prevent crime and anti-social behaviour across the district. This OP has gone from strength to strength with more and more partners attending.

OP LION

Happens quarterly and targets hot spot areas to reassure residents and deal with any anti-social behaviour issues.

OP XENAPHON

Has brought justice back to the residents of Pavilion Court by working closely with the landlords. It has led to the creation of a ‘partnership hub’.

Partners such as the Police, Fire service, probation and Forward Trust can now work with the residents reducing crime and anti-social behaviour.

OP OCELOT

Targets the spike in violence and anti-social behaviour which often occurs during school holidays. We have been able to direct CSU patrols and partners of the CSP to areas of repeat offences and known 'flash points'.

OP HALOGEN

Is a quarterly day of action in and around the two main train stations in Folkestone.

in Folkestone.

Knife detection arches and dogs are deployed alongside officers trained to identify and help vulnerable missing children used by gangs.

OP TOBACCO

In partnership with the CSU OP Tobacco was run in partnership with Trading Standards to target premises selling illegal tobacco products. A large quantity of illegal cigarettes and tobacco has been seized in Folkestone town centre.

The raids – led by Kent County Council's Trading Standards team, and supported by Folkestone & Hythe District Council (FHDC) and Kent Police – were carried out this morning (26 September). They were assisted by sniffer dogs Maggie and Yoyo.

Officers found illegal cigarettes and tobacco smuggled into the country from Europe and Russia, as well as unlawful counterfeit products in two separate properties.

Ongoing partnership response to serious organised crime

The Serious and Organised Crime Group meeting has been in place since early 2018.

This group has shared information on a number of Organised Crime Groups (OCGs) and undertaken disruption activity, which has seen a reduction in the number of OCGs in the district during 2019/20.

Organised Crime Groups, emerging and existing crime series, gangs, counter terrorism and prevent matters are discussed. Actions are given and received with partners held to account.

Community Safety Unit meetings:

These meetings continue to be held weekly. The Community Safety Unit continues to provide support to high risk victims of anti-social behaviour, whilst ensuring a coordinated response is given to all victims.

During 2019 this response has also included ensuring that those with additional vulnerabilities are protected from further exploitation such as cuckooing. There has also been intensive work carried out around ASB including a number of Closures orders.

The Community Safety Unit continues to cover any anti-social behaviour complaints made to the council as well as community tensions, environmental issues and events and other priorities.

Safeguarding Adults Awareness Week – October 2019

The stall was supported by many CSP partners such as KCC, DA services. Kent Police, Community Wardens and more. Information was available on areas such as domestic abuse, trading standards, scams, hate crime, adult abuse, mental health, physical health, neglect and self-neglect.

CSP PRIORITIES 2020/2021

F&H CSP Priorities 2020 / 2021

A Strategic Assessment is compiled annually to show progress for the partnership against its current priorities. The assessment also identifies emerging issues and recommended priorities for the next 12 months.

The priorities for 2020/2021 for the CSP were selected by members of the partnership taking into account the findings from the strategic assessment.

A series of themes have also been identified which are key initiatives that will support the delivery of these priorities.

SUMMARY

The Folkestone and Hythe Community Safety Partnership faces significant challenges over the coming year due to ongoing financial pressures and increased resource requests.

Despite this, we have seen an increase in support from all members. This ensures that community safety remains at the forefront of our work to support health and wellbeing.

This is reflected in the move to more current and relevant themes that can affect communities. There are also some areas of work that target potential future issues.

The Partnership is supported by the Community Safety Unit. The daily police briefings and weekly multi-agency partner briefings have seen significant pieces of work being undertaken, particularly around “hot spot” locations and supporting at risk and vulnerable individuals.

Tackling crime and anti-social behaviour is everyone’s business. All the agencies involved in the Community Safety Partnership are committed to making the District safe. We provide high quality services in an efficient and effective way.

Our aim is to tackle the crimes that are committed most frequently and which have the most impact on communities.

Partners are also working hard to enable victims to feel able to report detrimental behaviours and crimes.

In the coming year we will work with communities to understand their issues and what additional support the Community Safety Partnership can provide.

We will continue to work closely with our partners including, the South Kent Coast Health and Well Being Board (undergoing review), Local Children’s Partnership Group, Mental Health groups and many others.
